**Re : Breakfast Club**

Dear parents/carers

We are delighted to be in a position to offer our Breakfast Club provision again, starting after the half term break. This provision has been on hold during the covid19 pandemic due to restrictions put in place by the government. As these restrictions have eased over time we are now able to offer Breakfast Club with a limited numbers of children attending.

The children will be located in the dining room which has ample space for social distancing, however at this point in time we will have to limit the number to 20 children maximum.

Should you wish for your child to attend Breakfast Club please call the school office to request a place by lunchtime **Wednesday 26<sup>th</sup> May**. Should the numbers exceed the 20 places then priority will be given to children of parents who have work commitments/ or are entitled to benefit based free school meals.

Here are the details of Breakfast Club:

- Open from 8:00am-8:20am – children will be sent to their classroom at 8:20am
- Breakfast on offer – cereals, fruit, fruit juice, & toast on request.
- Activities for children to participate in

We will notify parents by text once the places have been allocated. We will also send home a breakfast club registration form, this should be returned back with your child on the first day of summer term which is Monday 7<sup>th</sup> June.

In order for this to be successful and to offer the provision where it is most needed, can we please ask that children do arrive at 8:00am, allowing enough time for them to eat their breakfast.

Kind regards

Amy Storer
