

Day 5 - water bottles

Good afternoon everyone.

For today's post, I'd like to ask that all children come to school with a water bottle. This should have their name on it. The water bottle will come home each day for washing.

Learning is thirsty work and it's important that we stay hydrated. Children will be able to drink from their water bottle throughout the day.

Just a reminder that these bottles are just for water - no squash or juice please.

Much love,
Miss Storer 🍷
