

**Special Educational Needs &
Disabilities School Information
Report**

September 2021

“All children are a gift from Allah. They are all special and should be allowed to develop and grow in a nurturing environment secure in the knowledge that they are cherished.”

Welcome to our SEND Information Report, this is part of the Derby Local Offer for learners with Special Educational Needs and Disabilities (SEND). Derby City Council’s full Local Offer, which is intended to be an important resource for parents/carers for understanding the range of provision and services in the local area, can be found at: www.derby.gov.uk/senddlocaloffer.

All governing bodies of maintained schools and academies have a legal duty to publish information on their website about the implementation of the governing body’s policy for pupils with SEND. This information is updated annually and reflects the provision for pupils with SEND throughout the year.

At Zaytouna Primary School, we firmly believe that ALL children have a right to equal access to a broad, balanced and relevant education. We aim to be a school that is inclusive of all pupils for whom placement in a mainstream school is appropriate. We will encourage all pupils to give their best and to reach their potential.

The four broad ‘areas of need’ are Communication and Interaction, Cognition and Learning, Social, Emotional and Mental Health Difficulties, and Sensory and Physical Needs.

At Zaytouna Primary, we embrace the fact that every child is different, and, therefore, the educational needs of every child are different; this is certainly the case for children with Special Educational Needs.

If you have any concerns regarding your child’s progress or well-being, then please speak to either your child’s class teacher or Mrs. Louise Russell (SENDCo) to discuss your concerns.

<p>Does the school know if children/young people need extra help and what should I do if I think my child/young person may have special educational needs?</p>	<p>At different times in their school life, a child or young person may have a special educational need. The Code of Practice 2014 defines SEND as follows: “A child or young person has SEND if they have a learning difficulty or a disability which calls for special education provision to be made for him or her. A child of compulsory school age or a young person has a learning difficulty if he or she:</p> <ul style="list-style-type: none">a) Has a significantly greater difficulty in learning than the majority of others the same age,orb) Has a disability which prevents or hinders him or her from making use of facilities of a kind generally provided for others of the same age in mainstream schools or mainstream post-16s institutions.” <p>Where pupils’ progress is significantly below age related expectations, despite high quality teaching targeted at specific areas of difficulty, provision of SEND Support may need to be made. If you have any concerns regarding your child’s progress or well-being, then please speak to either your child’s class teacher or Mrs. Louise Russell (SENDCo) to discuss further.</p>

	intended to overcome the barrier to their learning. This support is set out based on the individual needs of the pupil.
<p>How will both you and I know how my child/young person is doing and how will you help me support my child's/young person's learning?</p>	<p>In addition to normal reporting arrangements, there will be the opportunity for parents/carers to meet with their child's class teacher and SENDCo to review the short term targets and to discuss the progress the child has made. <p>What support will there be for my child's/young person's overall well-being?</p>	<p>We recognise that some children have extra emotional and social needs that need to be developed and nurtured. All classes follow a structured PSHE curriculum to support this development. However, for those children who find aspects of this difficult we offer:</p>

As part of the curriculum, the school plans activities during Anti-Bullying week and each year sets out to parents/carers its core principles regarding inappropriate behaviours and bullying.</p> <p>Our pupils have a comprehensive package of E-Safety learning. We hold parent/carer workshops on E-Safety.</p> <p>Any pupils with additional medical needs are well catered for at Zaytouna Primary.
